Plug-and-Play Strategic Leadership for Complex Stakeholder Environments

I deliver measurable outcomes at the intersection of tech innovation and urban development. 7 years leading programs at Sony PlayStation + proven civic leadership navigating controversial infrastructure projects. Available for 6-12 month strategic engagements.

KEY ACHIEVEMENTS

\$450K

Raised in 12 months for historic arts center

100%

Success rate navigating parking district approvals

11 Years

Longest-running community traffic study in San Diego

FEATURED PROJECTS

PB Pathways Phase 3

Led controversial bike boulevard through parking district approval with data-driven community engagement. Only project to pass with top approval vote. Navigated 200+ stakeholder meetings across City Council, business owners, and residents.

Pacific Beach Art Center

Built coalition to acquire historic 1927 library building. Led capital campaign raising \$450K (41% of \$1.1M goal) in 12 months. Structured partnerships with YMCA and school district for long-term sustainability.

PlayStation Network Commerce (Sony)

Led program management for payment platform expansion. Coordinated cross-functional teams to implement PayPal, international tax systems, and PS5 prerelease purchase system—all launched on time during critical console launch.

WHAT A 6-MONTH ENGAGEMENT DELIVERS

- **Discovery & Strategy (Month 1-2):** Stakeholder mapping, discovery interviews, strategic framework, success metrics
- **Design & Planning (Month 3-4):** Program design, community engagement plan, pilot roadmap, risk mitigation strategy
- **Implementation (Month 5-6):** Execution support, measurement framework, team training, knowledge transfer documentation

BEST FIT FOR

Innovation Districts

Operationalize Smart City pilots by bridging research institutions, industry partners, and city government

Mobility Startups

Guide controversial transportation projects through regulatory approval with data and stakeholder diplomacy

Real Estate Developers

Navigate community engagement for major redevelopments, turning opposition into partnership

Civic Foundations

Design community-powered data systems and citizen science frameworks that inform policy decisions

LEADERSHIP ENDORSEMENT

"Ryan's leadership combines thoughtful humility with exceptional expertise and drive. He has raised the bar for how younger leaders can contribute to urban planning and community advocacy, demonstrating that passion and deep engagement with details can drive meaningful, lasting change."

— Marcella Bothwell, MD, MBA, Chair, Pacific Beach Planning Group

Investment: \$8K-\$15K/month for 6-12 month engagements | **Portfolio:** communityplaytools.com/work | **LinkedIn:** linkedin.com/in/ryan-stock-bb955555
